## New Community Center Beginning to Take Shape

By TED HAAF

The roof was put on the Community Center building Saturday by the following workers: C. A. Whitlock, T. McCain, C. Wilcox, E. Parra, L. Labar, all of whom generously donated their labor at no cost to the community. The equipment necessary for the work was contributed free through the generosity of the Cox & Gregg Roofing Co., 2925 Baker place, National City, who also supplied the material at cost.

Others who donated their services were Fred D. Johnson, B. J. Conway and Jack Young, carpenters; A. E. Donnelly, plumber; Rev. Dan Apra and Art H. Tushinski, general help. The above are thanked by the community.

Others will be needed Saturday, and it is hoped many local people will respond and perform a real service for the youth of the community by helping on this project. The ladies of the Forward Club will, as heretofore, prepare the lunches for the workers.

The electric wiring will be installed next Saturday and Sunday according to the plans of the Cato Electrical Co. of this community, after which the project will be ready for lathing, plastering, sheet metal work and plumbing.

It is hoped the people of this community will assist now in the construction of this project. Your help is needed. Your children and your community need the community building, but it must be worked for if it is to become a reality. Many public spirited persons have donated cash, where it was impossible for them to give of their time in order that some one might be employed on this project in their place.

Lemon Grove Chamber of Commerce is pleased with the progress being made on the building and urges those interested either in working or employing another in their stead to get in touch with Chris Ferguson, H6-3863 or Ted HAAF, H6-3568. Please do not delay as help is needed at once.

## Vista La Mesa Rejects Proposal

The following questions were submitted to the residents of Vista La Mesa, unofficially, and the results recorded by the Vista La Mesa News:

Shall Vista La Mesa be included in the proposed Lemon Grove fire district? Yes, 2. No, 145. Undecided, 1.

Shall this committee explore other possible means of fire protection? Yes, 96. No, 8.

## LARGE CROWD AT DINNER

More than 170 people enjoyed a bountiful potluck dinner in Friendship Hall of First Congregational Church on Tuesday evening of last week. A program was given displaying much local talent. A substantial offering was made to add to the "Coin and a Prayer" offering which meets the obligation due each month on the new building.

## LIST YOUR DATES

The "Dates Claimed" directly below this article is for the benefit of organizations having special events, which they wish to announce. If all will co-operate in listing dates, it will save one date conflicting with another. No money can buy an ad. on this page but this service is free. Why not use it?

## DATES CLAIMED

August 1 to 12—Vacation Bible School, First Congregational Church, 9 a. m. to 12 noon.  
August 6—Community dance at Community Center, School lane.  
Aug. 2, 3, 4, 5, 9, 10; 11 and 12—Girl Scout Brownie day camp, Big Log Camp.  
Aug. 19, 20, 21—Lemon Grove Pow-Wow.  
September 4—New England boiled dinner, 6:30 p. m., VFW hall.

## Gun Club Hears Gun Expert

At the well attended meeting of the Lemon Grove Gun Club at VFW Hall Tuesday evening, the speaker, Dewey Wallace, of Chula Vista, diverted from the form of a speech and immediately threw the meeting open to questioning. The response was most gratifying by the number of intelligent questions asked. After answering Mr. Wallace stressed the danger of drinking while hunting is that when drink is in, reason is out. When a person is even partially under the influence of liquor, the feeling of safety is dulled, causing them or innocent parties to fall victims of their acts.

He also stressed the danger of taking sound shots—shooting at a noise in the brush without seeing the cause of the noise. The danger there lies in the fact that the noise could have been made by a hunter who could easily be a victim of carelessness.

The next meeting of the Gun Club will be held on Tuesday, August 23, to which all people interested in guns, rifles or pistols are cordially invited.

A social hour followed the program and refreshments were served.

## Help Needed Sunday Morning

Members and friends of Lemon Grove Post No. 2082 are meeting at the Hall Sunday morning to work on the building. Bring a dish and share in a good dinner. Workers are urged to come early and bring a claw hammer for work.

## LEMON GROVE LOSES GAME

The Lemon Grove Comets held La Mesa to a 1 to 1 tie until the sixth inning of the ball game Saturday afternoon, when Lemon Grove fell apart. La Mesa went on to win by a score of 17 to 2. Hadley pitched the whole game for the Comets. This was the first game played in the American Legion Junior League by the Comets and it demonstrated that they need more practice. A larger attendance of fans at the game might help too.

## BOB CURRY IN ARMY

Robert Curry, Jr., son of Mr. and Mrs. Robert Curry, 8261 Golden avenue, has enlisted in the Army and is at Ft. Ord, California, taking his basic training.

## Parade Precedes Dance at Center

Posters with big yellow moons are now being displayed in the store windows as a reminder of the Moonlight Dance and Festival to be held Saturday, August 6, at Lemon Grove Community Center. Walter Boelter supplied the posters.

A feature of the program will be a square dance at 8:00 o'clock by the Wheel Dancers of the Indoor Sports (people confined to wheel chairs.) This will be a generous contribution to the affair.

Lindley Drugs has contributed a prize for the best waltz.

A P.T.A. Kiddies Parade will start from Community Center at 5:30 and upon returning, each child participant will be served a cookie and punch by the Business Women's League. A colorful touch will be the students in dancing costume from the Myra Sonka School of Dancing. Children are invited to take part in the parade and to design their own posters. Free movies will be shown at the school house for the children.

Mrs. Gilbert Durham, dance chairman, solicits your help.

Booths taken for the festival are: hot dogs, Theta Omicron Sorority; cakes, Ladies Aid; drinks, P. T. A.; hamburgers, Forward Seniors and Juniors.

## BIBLE SCHOOL DATE CHANGE

So as not to conflict with the dates scheduled for the Brownie Day Camp, the First Congregational Church is postponing its Vacation Bible School two weeks. The Bible school will run from August 15 to 26. Classes will be held for ages ranging from kindergarten through the eighth grade. Please do not plan to send children under five years of age.

## RADIO INSTRUCTOR

Pfc Kenneth Bennett, son of Mr. and Mrs. Robert L. Bennett, 2315 El Prado drive, left Monday for Scott Field, where he will be an instructor in radio and air borne communications. On Sunday, the family held a farewell picnic dinner for Kenneth at the Green Valley Falls camping grounds.

## Lemon Grove Man Has Own Observatory for Study of Stars

At least one resident of Lemon Grove is an ardent amateur astronomer. Captain W. H. Galbraith has recently completed the building of a sliding roof observatory at his residence on Montana avenue.

The Captain, who is a native of Columbus, Ohio, says that he has long had a dormant interest in astronomy which began with his studies of nautical astronomy at the Naval Academy and was later furthered by practical navigation at sea. Upon his retirement in 1946, following some 30 years of active service in the Navy, he determined to devote his spare time to the study of this subject. He has taken two courses in astronomy under Dr. C. E. Smith, the astronomer at San Diego State College, and about a year ago he purchased a five-inch refracting telescope from John Melish, the telescope maker of Escondido. It was to house this instrument that the new observatory was built.

In the sliding roof type of observatory, the roof is so mounted upon rollers that it may be rolled off bodily onto an adjacent structure, thus leaving an unobstructed view of the sky over the telescope. The Captain has, in this case, utilized this adjacent structure to form a lath house for Mrs. Galbraith. While this type of construction may seem novel, it is commonly resorted to by amateur astronomers who desire to escape the cost and construction difficulties inherent in the more conventional revolving-dome observatory.

During the past year, Captain Galbraith has been using the telescope principally for his own leisure and to gain proficiency in the art of locating and observing various heavenly bodies.

However, he now feels that he can perform useful work with the instrument, and to this end he has

## Winners in Hat Making Contest at Community Picnic July 17

Miss Agnes Pezemo, left, winner of the first prize in the hat making contest at the Community picnic, and Mrs. Ellison M. Guire, runner up, wearing creations they made out of materials available on the picnic grounds. Miss Pezemo used flowers from a tree for trimmings. Mrs. McGuire decorated her hat with a knife and fork, empty beer can, chicken bones and a paper plate.

## BOY SCOUT NEWS

The Lemon Grove Boy Scouts went swimming in Gillespie Pool Wednesday in preparation for the first meeting of Boy Scouts of Grossmont District on September 1. The Lemon Grove Troop will leave Friday afternoon on an overnight camping trip in the Julian area. They will be accompanied by Jack Lovell.

## Schnells Make Tour of 10 States

Mr. and Mrs. A. P. Schnell, 8339 Golden avenue, have recently returned from a motor trip that took them through 10 states. They visited all the way up the coast to Portland, Ore., with relatives and friends; spent the Fourth of July holidays in their old home town of Grangeville, Idaho, where they visited with relatives and friends they hadn't seen in years. Some they had not seen since childhood. They also attended a big rodeo which they enjoyed very much. Mr. and Mrs. Schnell fished in Idaho, Yellowstone, Jackson Hole country and in Colorado waters. Mrs. Schnell caught a trout beauty measuring 18 inches.

They drove almost 5,000 miles and saw many interesting things and places and had a most enjoyable trip. They stopped at Mesa Verde on the way home to see the cliff dwellings, which Mrs. Schnell says is worth going a long way to see.

Mr. Schnell is operator of the American Food Lockers on Imperial.

## INSURANCE RATES

Howard T. Burns, special agent for the Hartford Fire Insurance Co., stated to a Review representative this week that as to the matter of reduction in rates of insurance in case of formation of a fire district it was merely a matter of the time it will take for the Board of Underwriters to make a survey of the new district and establishing the rating of the fire protection district. Their findings depend upon the type of equipment, water available, etc.

## Free Attractions Offered by Powow

"One of the finest free programs yet witnessed in the county has been planned for the Powow festival," announces the committee in charge of the program. "The spontaneous enthusiasm displayed by the local talent who volunteered their services promises to make this program a truly memorable one," they add.

"The festival activities have been planned so as give every member of the community a chance to participate. Contests are designed to include the entire family and prizes will be offered for the best home baked lemon pie, for the youngster who blows the biggest bubble with bubble gum, the man or woman with the

## Women's League Plans Beach Party for Saturday

Meeting in Friendship Hall on Thursday of last week, the Business Women's League enjoyed a delicious luncheon served by the Ladies Aid of First Congregational Church. Mrs. Burt Snyder presided at the business meeting and introduced as new members, Mrs. Paul Harvey, Mrs. Ed Sonka and Mrs. Inez Leonosio. Guests presented were Mrs. Forest Baxter's mother, Mrs. Rothwell, of Kansas City, Kan., and a friend from Pasadena and Mrs. G. R. Graham of the Lemon Grove Review.

Mrs. Frank O'Connor was appointed auditor and Mrs. Joe Beyer was named on the membership committee.

A letter read from the local Chamber of Commerce complimented and thanked the group for calling attention to the dangers to traffic in the corner at Golden and Washington. Assurance was given that the condition would be corrected.

Mrs. Forest Baxter reported that the committee served over 50 gallons of punch at the community picnic.

The City Beautification committee announced that funds were ready for a 30-foot wide strip of oiling on the east side of the tracks from Broadway to North avenue.

A check for \$10 was voted sent to the Community Center dance fund to be used for movie film for the children or for any other expenses needed. The League will serve cookies and punch to the children participating in the Festival parade. All members are selling tickets for the dance.

A float will be entered in the Powow parade the committee in charge being Mesdames Elza Sanders, Inez Leonosio, Myrtle Beyers, Julie Duley and Charlotte Nicolson.

On Saturday evening members of the League and their families and guests will participate in the annual beach party at Imperial Beach. Each one will bring her own hot dogs (enough for the family), buns and table service. Those going are to make reservations with Mrs. Geo. Dickinson, H6-3541, and should be at the Grove Theatre at six o'clock or soon after. Mrs. Al Huebsch is general chairman.

## Former Owners Operate Cleaners

Al Huebsch and Frank Loveday who are former owners and operators of the Grove Quality Cleaners, are again in charge, as partners of that business at 3516 Main street.

Paul Duley is the new route man for the Grove.

The deal announced two weeks ago in which Art Walker was taking over the business was not consummated and Walker opened his own cleaning plant at 3504 Main. There is no connection between the two places of business.

## THETA OMICRON

A special meeting of Theta Omicron Chapter of Beta Sigma Phi was called to order at the home of Mrs. Roy Butler, Jr., 2333 El Prado drive, Tuesday evening. Due to so many members going away on vacations in August, it was decided not to take a booth at the Powow, as it would be impossible for the remaining ones to operate a booth for three days. Present were Mesdames Harry Martin, Ted Haaf, Edward Beistline, Edward Cavallin, W. H. Carpenter, Charles Whitlock, Larry Archer, Willis Richardson, Bob Argo and Frank Greenlee.

## SUFFERS FRACTURED LEG

While attending the Yanehanko Brownie Girl Scout Camp, Mrs. "Bud" Krause, 1949 Washington avenue, fell and fractured her leg. Her many friends will be glad to know that even though her leg is in a cast, she is able to be active at home.

A sharp earthquake shook the Mt. Helix area Sunday morning at 10:50:04, lasting 45 seconds. The quake had a strong east-west motion and registered an intensity of one on a scale of 12.

When the people of California voted for a sales tax back in 1932, they thought they were voting for a means of raising funds for the public schools. Proponents of a State sales tax campaigned on that slogan. The State real estate association, always a friend of the public schools, got behind the campaign and helped put it over. They told us our schools would never have to close if this tax was voted. It carried. Gov. Frank Merriam issued a statement when he was governor a few years later, saying that not one California school room had to close for lack of funds, at a time when schools in other states were closing because of shortage in school funds. Now the tax money is being diverted so fast that the schools are going to suffer next year, and in future years, unless the legislature takes action to restore the recent cut in the ADA appropriations. Either the schools should get the money they are entitled to under the sales tax law, or the law should be repealed. The people should demand action!

Senator Bob Taft is one man in the United States Senate who commands the respect and admiration of more people than any of his colleagues. Whether one agrees with the Senator or not, we have to admit he is no opportunist. If Taft thinks he is right nothing can stop him. He is one man who seems to know where he is going and is headed straight in that direction. The country needs more of that type of men, whatever their politics.

Covina had the honor of being the first city in California to get rent decontrol. Immediately 'For Rent' signs went up on vacant property all over the city. And furthermore the Citizen-Argus said the residents felt no fear of rent increase. The

rents will level off in all areas where the controls are removed. The law of supply and demand will again be in operation. No man-made law can take the place of that law.

Fire protection is the pressing need of all communities. Lemon Grove is no exception. The solution is simple. And the cost need not be too great. Formation of a fire protection district will give the property owners the proper protection. But the larger the district, the cheaper the cost. In Los Angeles county, the Board of Supervisors have set out on a long range plan of forming one large district of the entire unincorporated area. The Board of Directors of San Diego county should investigate the Los Angeles county plan to learn if it would be feasible here. Then they should hold a hearing that the people of the county may be told the whole story. Then it should be put to a vote in the unincorporated areas. The Board of Supervisors is the logical body to put this thing over. In the meantime, committees such as that appointed by the Lemon Grove Chamber of Commerce have their work cut out in crystalizing public opinion in favor of the project.

We don't make the news, we print it. And that is true of the greater majority of the newspapers in the United States. Oftentimes, newspapers are accused of coloring the news to fit the publisher's or editor's ideas. That is true only in few instances. A certain newspaper chain, founded in the precepts of yellow journalism, has given the newspapers a bad name. Not all newspapers should be judged by the Hearst brand of journalism.

Finally the boys in Washington are getting around to the 'five percenters.' Everybody, except those in Washington knew about the five percenters during the war. It was only through men who had the know-how and access to the proper offices that the smaller business men were able to get government contracts. It was alright then. Now it looms as the big bad wolf. How times do change!

Funny, isn't it, or is it? Every time anything goes wrong in this old world, Uncle Sam gets the blame. The British are in trouble. They call it dollar shortage. They have brought much of their trouble on themselves, by trying to run their country with Socialism. It just can't be done and the sooner the people of the world learn this, the better for all of us.

safer than the man who "lifts" something from the corner store. Is there any reason why those who steal from the State and public should go free and not those who take from individuals? If there isn't California may well give serious attention to the report of the Kraft committee. Government already costs too much without paying needless expenses.

FROM THE NEWS CIRCUIT  
JAMES DORAIS

Tomorrow there will be 55,000 more people in the world than there are today.

At the present rate of population increase, this crowded old earth is having to make room for twenty million more people each year—and short of atomic warfare or a new ice age, there is no likelihood of the ranks being thinned. In be-bop slang, the joint is jumping!

As time goes on, where will all these new millions of people the world over find enough to eat? Can food production keep pace with population growth?

Danish food expert Dr. Mogens Jul, addressing the international convention of the Institute of Food Technologists in San Francisco last week, maintained that these questions cannot be ignored or remain unanswered any longer. The problem is a complicated one, for it involves not just the need for new discoveries and methods to increase farm yields, but the necessity to overcome obstacles of poverty, ignorance and taboos that stand in the way of increased production and consumption of foods in large areas of the world today.

One important answer to the problem of making the fullest possible use of food presently produced was a major subject of study at the convention. That answer is the amazing growth of the frozen food industry in California and the Nation at large.

California packs one-quarter of the country's fresh-frozen vegetable production. Last year, the State's pack of both frozen vegetables and fruits had a total value of thirty-five million dollars.

With the exception of soups more foods are being frozen for sale today than are being canned. Frozen foods include every vegetable from asparagus to zucchini, fruits and berries, steaks and weiners, rabbits, turkeys, cheese blintzes, parkerhouse rolls, chicken and crepes suzette—even whale meat and tortillas!

A relative newcomer to the frozen food ranks is fresh frozen orange juice. Last year 8-million boxes of oranges went unmarketed, growers and waste of food resources the hungry world can ill afford. By next year, the food technologists predict, not a single box of oranges will be wasted as "surplus," because of the development of fresh frozen orange juice concentrate.

Already, there are seven orange juice freezing plants in California and Florida, where the tree-ripe juice is concentrated, sealed in cans and quick-frozen. Thawed out at home, and with the addition of three parts of water, the juice is ready for serving—as fresh and sweet as if it had just been squeezed from oranges brought home in a bag.

Socialists are worrying a lot these days that future generations may not get enough to eat, but it can't be said that producers aren't doing something practical about the problem.

## LETTERS to the EDITOR

### HEADLINE HYSTERIA

Let us all be builders and boosters for the good of all.

History will most likely record this particular period as the era of headline hysteria, including the growth of Lemon Grove. It's a time when, for some unexplainable reasons, folks feel like little lads in a dark room. Fear of an unknown future clings to flying feet of men. But slowly retarding progress is making many as jittery and nervous as a jelly fish on an old Ford's fenders—isn't that so?

And as folks faced the Fourth of July, many a good guy wondered just how much freedom and independence there was to celebrate.

Maybe it's time we stopped shouldering the worries of the whole wide world, and begin to help each other to succeed right here at home, including Lemon Grove.

Let every man and every business organization roll up their sleeves and fight for the good of the community and everyone that lives in it, as brothers and sisters. Let that be our goal. Let us apply the Golden Rule—"Live and let live" every day, and may we "do unto others as we would be done by."

That is our aim as business people and by gosh, we intend to follow that formula from now on to helengone so that we may celebrate progress every day and make you feel like celebrating with us without a single worry in the world.

Well, we're still young enough to dream in the daytime. Hoping you are the same—Your optimistic friend, A. R. Boese.

## FARM NEWS

AGRICULTURAL EXTENSION SERVICE

### TEST FOR FOOD SEALS

Test the seals on your home canned fruits and vegetables before putting them away advises Home Demonstration Agent Mrs. Delphine D. Wilson, University of California Agricultural Extension Service.

Tilt and turn jars with separate rubber rings by hand to check them for leaks. To test jars with metal disks that have a sealing compound, note the top of the jar. If it hollows in, it shows a good seal. Or tap the lid with a spoon. A clear ringing sound also shows a good seal. Or, try pressing the lid with a finger. The lid should not give.

A jar with either the glass or metal disk can be tested by lifting the jar by the lid after the screw band is removed. If a jar did not seal tightly, use the food within 24 hours after canning if it looks alright, or recan it. Use a new metal disk or rubber ring and check the jar and the glass lid for flaws.

For fruit, put the lid on loosely and stand the jar in hot water to about two inches from the top. Exhaust by boiling for 15 minutes, seal and test again.

With vegetables, meat, poultry, and fish, Mrs. Wilson suggests beginning all over again as with a fresh product.

### KEEP STORAGE BINS CLEAN

Proper sanitary measures will help reduce losses from insects in stored grain, according to B. J. Hall, assistant farm advisor, University of California Agricultural Extension Service. Old grain, screenings and seeds should not be kept near storage bins. Even small accumulations of this sort can be breeding places for pests

and will endanger the unfested grain.

All areas around the storage bins should be kept clean at all times. This includes the elevating equipment, the pits and the interior of the bins when they are empty. All grain refuse should be removed or destroyed immediately. Livestock and poultry bins should be kept clean and free of insect pests. Even though they are at a distance from the grain storage bins they are apt to be a source of infestation. Sacks of feed are almost certain to be invaded if they are kept for some time. If seed is to be stored it should be placed in tight containers or carefully watched and fumigated.

Keeping harvesting and seedling equipment clean will also help to keep pests under control. It is also important to avoid mixing the new and old crops. If there is any carryover, put the old grain into a few bins as possible and clean the others thoroughly before putting in the new grain.

Hall has a leaflet entitled "Stored Grain Pests on the Farm." Interested farmers may obtain a copy free of charge by contacting the local Agricultural Service office, Room 404, U. S. Customs Building, San Diego.

## Political Parade

CLEM WHITAKER, Jr.

If a man steals a loaf of bread to help feed his family, he's generally sent to jail.

On the other hand, political pundits are wont to say that if the same man cheats the government, he'll probably get away with it and make more money in the bargain.

Crackling charges leveled by the State Senate interim committee on employment stabilization in regard to California's unemployment insurance fund tend to bear out the above contention.

Said the committee in a heated 225 page report, "the fund has been 'cheated out of something upwards of \$30 million' by fraudulent payments in the single year 1948." And this is only part of the racket, the committee, headed by Senator Fred H. Kraft points out. Payments which should not have been paid ran the total amount, improperly paid out of the fund, to an undetermined amount.

The bombshell report claims that the Department of Employment "interprets the law upside down" in regard to unemployment insurance and states that the moral laxity of those unjustly dipping into the funds can "make a generation of bums."

"In the period of highest employment we have ever known" (1948) Senator Kraft's group claims that \$146 million in unemployment benefits were paid out to Californians.

Pointing to the danger to California's entire economy in the present situation, the committee said: "The disproportionate tax on the products of California in competition with the products of other states, resulting from the high rate of payroll tax due to our excessive unemployment benefit payments, is creating greater unemployment in this State than elsewhere."

"The higher goes our tax, the more unemployment in this State, so the higher goes our tax."

To cap off its report, the committee suggested that the entire act be reworked and that a thorough going investigation be made concerning mismanagement and improper claim payments. Administrative efficiency was wholeheartedly recommended for the department.

To California's embarrassment and expense, it will probably be true that the man who "works an angle on the government" will be

## The Family's Favorites

### SALMON LOAF

2 c salmon  
1 c cracker crumbs  
1 c milk  
4 T melted butter  
3 eggs beaten

Mix ingredients and pour into buttered loaf pan. Bake 35 minutes in moderate oven. Let stand five minutes in hot place then carefully unmold and surround with creamed peas. Garnish with parsley.

### SWEDISH MEAT BALS—SVENSKA KOTTBOLLAR

2 lbs. ground round steak  
1 lb. ground pork steak  
1 c mashed potatoes  
1 c dry bread crumbs  
2 beaten eggs  
1 t brown sugar

Mix all ingredients. Form into small balls and roll in flour. Fry in small amount of hot fat until brown on all sides. Pour over the meat balls 1 pint of cream. Cover and simmer slowly for 30 minutes or place in oven at 325 deg. for 40 minutes, and serve. Instead of cream make a thin gravy in pan and pour over the meat balls.

### MARASHINO CHERRIES

4 1/2 lb. pitted royal-ann cherries  
4 1/2 lbs. sugar

Mix sugar with small amount of water or use cherry juice. Make heavy syrup, add coloring and cherries, boil 1/2 hour or until cherries are red. Add extract, seal in sterilized pint jars. Very good for salads.

### LEMON CAKE PIE

1 c sugar  
3 T flour  
1/2 t salt  
2 T butter, melted

2 egg yolks  
2 lemons, juice and rind  
1 c milk  
2 egg whites, beaten stiffly

Line deep pie pan with pastry and put in refrigerator to become chilled. Combine sugar, flour, salt, butter and egg yolks; beat until creamy, add lemon juice and rind. Add milk to mixture and without stirring add beaten whites. Fold into mixture at the same time. Pour into pie shell and put into hot oven (450 deg.) for 10 minutes, reduce heat to 350 deg for about 30 minutes. Note: This pie has a cakelike top with lemon jelly filling beneath. Top with meringue or whipped cream. If a little egg white is rubbed all over uncooked pastry before filling is put in, the pastry will not become soaked.

uniform, no halters or bare shoulder garments. Shoes must have toes in.

The girls will have fun with cook-outs, hikes, singing, dramatics and nature crafts.

ACTIVITIES  
in and Around Lemon Grove  
By MARGE ELLISON

The Horsemen's broadcast last Friday over KUSN was well received and compliments were generous. Bob Oates, the Whistling Westerner, sang the three top western tunes, interspersed with a short resume of horse news and humorous quips. There was a 15-minute round-table on the history and aims of the San Diego County Horsemen's Association, between Bob Oates and R. S. Harness, president of the organization, Mrs. Marge Ellison, secretary, Dick Higbee, president of San Diego County Junior Horsemen, and Mrs. Leah McMahon, who covers

the horsemen's activities in El Cajon Valley. The audience, consisting mostly of horsemen and women and junior fans, joined the Whistler in group singing. Following the broadcast, the opening of this new program was celebrated with a buffet supper at the home of Mr. and Mrs. R. S. Harness on Saranac drive, La Mesa. Among the more than 20 guests were the wife and baby son of Bob, also his parents from Hollywood.

Officers and directors of the S. D. Co. Horsemen's Ass'n who went to Fallbrook Monday evening to organize the area of Fallbrook, Oceanside and Vista were R. S. Harness, president; Mrs. Marge Ellison, secretary; Mrs. Pearl Hart, Harold Ammons and Charles Purdy, directors. It was a very successful meeting, with 42 horsemen attending. H. C. Griffith of Fallbrook, was elected chairman and Kay Speed, of Fallbrook, secretary. The highlight of the meeting was the offer of Jack Adams, of Pala, to procure a right of way from the Pala Indian Reservation to the State park at Mt. Palomar, thus furnishing the riders with 25 miles of excellent trail through a beautiful scenic region. An area meeting will be held in Oceanside on August 15, when it is hoped further progress will be made to-

wards increasing membership and procuring trails in the northern part of the county. All San Diego members of the SDCHA are invited to these meetings.

The next two weeks offers riders and exhibitors a varied program in shows and gymkhanas. Sunday, the Sheriff's Rangers will stage an all western horse show at Broadway Farms, Federal and Euclid. The Junior event will begin at 9 a. m. with 10 classes on the program. The adult events start at 1:00 p. m., also with 10 classes.

The Vista-Palomar Riders will stage a big Gymkhana at Hanna Field, Vista, next Sunday. The four events scheduled for youngsters (17 and under) will commence at 10:30 a. m. as follows: 1.—Musical Hats, Ride and Lead; Bending Race and Figure Eight.

At 1:00 p. m., will be the Grand Entry and adult events, consisting of: 5.—Stock horse. 6.—Stake race. 7.—Bending race. 8.—Rescue race. 9.—Musical hats (for women.) 10.—Mail race (for Group, consisting of seven or more and lead.

A trophy and three ribbons will be awarded for each event. Entry fees for Juniors are 50c; for adults, \$1.00 each event.

A special perpetual trophy will be awarded to the Best Mounted Grou, consisting of seven or more uniformed riders, in the Grand Entry. The name of the winning group will be engraved on the trophy, possession to be for one year.

The group will be judged on completeness of uniforms and equipment, horsemanship, grooming and appearance of horses and gear.

On Sunday, August 7, The Farnita Ranch at Santee will hold its Fifth Annual Horse Show starting at 1:00 p. m., with a grand entry and 18 events as follows.

1. Grand Entry—as parade event, four ribbons, no entry fee.  
2. Musical Chairs—Girls under 25, boys under 14.  
3. Suckling colts.  
4. Horsemanship—seven and under; ribbons for all. Horses may be led.

5. Stake Race—for men.  
6. Horsemanship—eight to 12 inclusive.

7. Western Pleasure—adult owners (past 30). Condition of horses especially considered.  
8. Boot race—Contestants not in stake or bending race.

9. Stock horses.  
10. Yearlings.

11. Trail horses—low jumps. Manners, 25%, obstacles 25% trail work, 50%.

12. Bending race.  
13. Horsemanship—13 to 17 inclusive.

14. Adult horsemanship, past 30  
15. Adult horsemanship, past 30 (or feeling it.)

16. Saddle and ride—women and girls.  
17. Color Class—Blue ribbon for best black, bay, sorrel, grey, dun, pinto, palomino or any other color, western pleasure horse.

18. Ride and pick-up.  
Fees: 50c for open classes; 25c for children's horsemanship.

Classes: 10c penalty for entries after noon of August 1.  
Another show to be held on August 7 is the Sixth Annual Mission Valley Horse Tournament at the Polo Grounds in Mission Valley. There will be five classes for the Juniors (both English and Western) beginning at 10:00 a. m., and 10 classes for adults (both English and Western) beginning at 1:00 p. m. Trophies and eight ribbons for all classes are promised.

## SPRING VALLEY

For taking long vacations, as to time and distance, Mr. and Mrs. Joseph L. Ma Dere of Jamacha road Spring Valley, are local champs. They left Lemon Grove in a brand new car on August 7, 1948, and returned home Monday, July 25, having traveled 39,073 miles as recorded on their speedometer.

They started out without a map, stopped where they pleased, especially at good fishing places. They practically took in all of the sights and were in every State in the Union. Up and down the East Coast, in New York, Washington D.C., wherever their fancy led, they followed.

This was Mr. Ma Dere's third trip of the kind but his wife's first long junket. She was at home sleeping in on Monday, trying to get rested, while Mr. Ma Dere was thrilling a Review Editor with his experiences.

"We'll be stayin' at home for a spell," says Mr. Ma Dere. "I'm tired."
